

GRAFTON COUNTY COMMISSIONERS' MEETING

Department of Corrections
North Haverhill, NH 03774
December 11, 2018

PRESENT: Commissioners Lauer, Ahern & Piper, County Administrator Libby and Admin. Asst. Norcross.

OTHERS PRESENT: Farm Manager Knapton, Nursing Home Administrator Labore, Finance Manager Jurentkuff, County Attorney Saffo, Register of Deeds Monahan and Maintenance Supt. Jim Oakes.

Commissioner Lauer called the meeting to order at 9:00am and began with the Pledge of Allegiance.

Farm Manager Lisa Knapton arrived and gave the following report:

- Milking 75 cows, averaged 81 lbs. on December test
- Pay price was \$19 including quality premiums
- 2840 tractor is down for repair to the head
- All sows have been serviced except one as of Friday
- Class action lawsuit paperwork from 2001 thru 2007
- Webclock training for Ben and Brian and myself
- Agri-Mark meeting last Friday. F.A.R.M and tie stalls, powder plant in W. Springfield
- Filing, reporting, getting organized, cleaning
 - Direct deposit – milk check
 - Farm records...Brian's notebook – FM Knapton stated that she would like Brian to write down all of his work moving forward, this will give him ownership of the work he does.
 - Expense reporting...more details
 - Archiving farm records – FM Knapton stated that while cleaning she found old notebooks with farm records from the 60s and she feels that it should be archived somewhere rather than continue being used as a notebook. She asked the Commissioners if there was a place she could keep old documents. Register of Deeds Monahan was present at the meeting and stated that she volunteered to house old Farm Bureau records. She stated that she has a box of old records and is more than happy to put the notebook in with them.
 - Ben's trip to PA - FM Knapton explained that she became aware of an awards ceremony last week that is being held this week in Pennsylvania. The Farm received an award for butterfat and protein for the Jersey herd. She stated that B. White is looking to get reimbursed for the travel expenses and the hotel. She stated that she had told him that she would have to bring this in front of the Commissioners as she does not know the process for out of state travel. She stated that the letter for the award is post marked for the beginning of November. CA Libby stated that B. White contacted her about the awards

Grafton County Commissioners' Meeting

December 11, 2018

Page 1 of 7

ceremony. She told him that it needs to be approved by the Commissioners and FM Knapton would have to look in the budget to see if there were funds available. He stated that will take too long as the awards ceremony was the following Tuesday and he just found out about it. FM Knapton stated that she is not sure what the standard protocol is for out of state travel so she is unsure of what to do in this situation. Commissioner Lauer explained that there is a form that needs to be filled out and brought to the Commissioners for their approval.

Commissioner Piper stated that the county should not compensate for the expenses as the protocol was not followed. Commissioner Lauer stated that B. White was just on a trip earlier this year so he should know what the protocol is. CA Libby stated that she is not sure if the employee knows the exact process but it was the previous Farm Manager's job in the past to handle out of state travel approval. She stated that she did receive a call from B. White and he stated that he figured it needed to be approved so he does know some of the process. CA Libby stated that money will need to be transferred within the farm budget as there is no money in the travel line due to a trip taken earlier this year.

Commissioner Lauer asked if the award letter was given to D. Kimball or B. White. FM Knapton stated that it was addressed to the farm. CA Libby stated that Donnie was out on vacation beginning of November for two (2) weeks so the letter may have sat there and B. White did just learn of it last week.

Commissioner Piper stated that if the letter was addressed to the Farm, then this would certainly change things. B. White couldn't be responsible for following protocol if he had not seen the letter when it arrived. The Commissioners agreed to have Ben fill out the expense reimbursement and that CA Libby and FM Knapton would look to see if there are funds to cover it. Then the Commissioners would discuss further.

FM Knapton discussed putting an ad in the Bridge Weekly to sell the 600 bags of potatoes that they still have in storage. She stated that they are 50lb. bags and felt they should sell them for \$15 a bag to move them. She stated that she was told the Department of Corrections is all set with potatoes for the year.

NHA Labore and FM Jurentkuff arrived and discussed the following request:

NHA Labore explained that the resident in question was admitted to Grafton County Nursing Home on October 25, 2018. New Hampshire Medicaid has approved the resident for Medicaid benefits and has identified that his monthly "patient liability" is \$1375.00. To date, the resident's daughter, who serves as the Durable Power of Attorney for Finances, has refused to pay her father's Social Security funds and other sources of revenue, which totals the "patient liability," to Grafton County Nursing Home, and instead, is choosing to spend this money to pay outstanding mobile park fees for a mobile home property. He explained that their concern is that they will not receive reimbursement for the care and services currently being provided to the resident. Their efforts have been met with resistance by the daughter. On Tuesday, December 4, 2018, Jason

Gregoire, from Shaheen Phinney, Bass & Green, sent a letter to the daughter on behalf of Grafton County Nursing Home, requesting payment to be made upon receipt of this notice. Jason identified RSA 166:20, which gives County Commissioners the means to impose a lien on the resident's real property, to ensure we receive payment.

NHA Labore stated that he is requesting that the Commissioners sign the notice of lien in accordance with RSA 166:20, to ensure payment of the current outstanding balance and any future balance owed to Grafton County Nursing Home for services provided. Upon signature, Grafton County Nursing Home Administration will bring the notice to the Grafton County Registrar of Deeds to have it recorded.

Commissioner Ahern stated that they need to bring this Attorney in Fact to a hearing in front of Probate Judge. They have an opportunity to act now; the mobile home in a park will not have value to it. NHA Labore and FM Jurentkuff explained that this person has just taken over the finances and she was unaware of the order in which things needed to be taken care of. She is now cooperating better with the nursing home and has sent a payment of \$600. They feel this is the correct next step to take. Commissioner Ahern stated that he was unaware that she has just taken over the finances as he thought she had been in control of them for a long time and therefore is in favor of placing the lien on the property.

MOTION: Commissioner Piper moved to put a lien on a resident's home as requested in the memo from NHA Labore. Commissioner Ahern seconded the motion and all were in favor.

RD Monahan arrived and gave the following report:

**Grafton County Registry of Deeds
Kelley J. Monahan Register
Report to Commissioners
December 11, 2018**

November Revenue

County Revenue 11/2009	\$81,639.29	State Revenue 11/2009	\$449,461.44
County Revenue 11/2010	\$96,526.70	State Revenue 11/2010	\$692,679.64
County Revenue 11/2011	\$71,738.89	State Revenue 11/2011	\$352,029.44

1. On 11/14/2018 I was elected, by a unanimous vote, to become the Vice President of the NH Register of Deeds Association.
2. We are moving ahead with our software search conversion project. We are projecting late February or early March 2019. There will be plenty of opportunities available for training. We planned this conversion for our slowest time of year out of consideration for the professional users. I will be notifying our account holders on the scheduling of the trainings and the conversion live date. No exact date has been scheduled.
3. The NH Register of Deeds Association will be following a few bills this cycle. LSR 324 seeks to reduce the amount of RETT/ Real Estate Transfer Tax and LSR 647 seeks an exemption to RETT for low-income housing. Our affiliate does not take a position on the amount of RETT. LSR 648 seeks again to establish an Assurance Deed. We will be opposing this legislation.

Respectfully Submitted,

Kelley J. Monahan

RD Monahan and Supt. Oakes were present to discuss the issue of the Maintenance department plowing snow near the side of the building where the Deeds office has records stored. Commissioner Ahern asked to be excused from the conversation as he may have an appearance of a potential conflict of interest. RD Monahan stated that she has asked that snow not be plowed up against that building as they have water leaks every year. Supt. Oakes stated that the leaking in that area is not from the snow being plowed there. He stated that the slope of the snow is away from the building and it is not up against the building. He explained that there is a section of the room that is built under the porch decking which is a concrete slab that is reinforced with steel. Over the years they had issues with cracks and then the snow would melt and water would leak in. The decking overhangs the wall, the water follows the decking, and there is a seal between that and the brick. A few years ago when they repointed the building they fixed the cracks in the deck and coated it with a special coating to keep the water out and this resolved the issue. A few years later the water came down the decking and the seal had cracked therefore more water was coming in, starting from the steps north and they addressed that issue as well. He stated today you can see spots on the wall up high from water damage and it is above where the snow pile is outside. He stated there is no water coming into the building from that snow pile and there never has been. He stated that if there was, he would not continue to put the snow there. RD Monahan asked about the paint blistering on the walls and stated that she is taking preventative measures to prevent the annual leaking of water into that room. Commissioner Lauer asked what other alternatives they have for snow removal. Supt. Oakes stated they do not have other options; they are very limited on space. RD Monahan handed out a copy of the RSA that states that the county will provide a building for the Register of Deeds and ensure that the records are protected. She

Grafton County Commissioners' Meeting

December 11, 2018

Page 4 of 7

stated that her only duty is the protection of the records and a letter from her attorney states that this county seems to be standing in the way of her completing her duties. She stated that a master plan of the county needs to be done. Supt. Oakes stated that RD Monahan is never happy with what is there and the county is doing the best it can. He questioned how the records survived all these years before they were put into a climate-controlled environment. The Commissioners further discussed the issue with Supt. Oakes and RD Monahan and agreed that next week at the start of the meeting they will go down to that room and see what the exact issue is and discuss it further.

RD Monahan stated that she also has other concerns with parking and management at the complex. She stated that an oak tree was placed by the front steps of the building. The leaves will fall onto the steps and she will watch people fall down. She stated that she has zero confidence in the management of this complex. She stated that UNH Extension had a workshop a few weeks ago. She took a picture at 9am and 3pm of every parking space filled so her attorneys and seniors have to walk from the other end of the parking lot to get to the office. They need to address the parking. CA Libby stated that this is a public building, not just the Register of Deeds building. She asked RD Monahan why when there are public events at the complex that people can't park in the parking spots that are available. RD Monahan stated that people who are here for an all-day event should park further back so her attorneys and seniors who are here for a short time can park up front. CA Libby went on to question RD Monahan's comment on bad management asking if it is bad management that they let the public park in the public parking spots in front of a public building. Commissioner Lauer asked how many designated parking spots with signs they want. RD Monahan stated that signs don't help. She stated that this happens with the Delegation meetings as well. She stated that she does not want reserved parking, only consideration. Commissioner Lauer stated that they cannot tell the public who does not know there's an issue that they need to leave parking spaces open. Supt. Oakes stated that from the fire hydrant over in the front of the parking lot no employees are supposed to park there and as far as he knows they do not. People coming in to go to the Registry of Deeds park in those spaces so consideration was given for that reason a long time ago. RD Monahan stated that she has no faith in management. Supt. Oakes stated that if there are any other concerns he would like to be made aware of them. RD Monahan left the meeting.

Commissioner Ahern rejoined the meeting.

Commissioner Lauer asked if everyone had a chance to read the minutes from the December 4th meeting. Commissioner Ahern moved to approve the minutes as amended. Commissioner Piper seconded the motion and all were in favor.

The Commissioners signed check registers 24-25; 1078-1082.

Atty. Saffo arrived and gave the following report:

CA Libby stated that they have collected tax checks from eighteen (18) communities totaling \$7.7 million.

CA Libby read a letter from the New Hampshire Department of Transportation regarding construction along Rte. 112 in Livermore. The work includes removal, replacement and/or installation of horizontal curve signing. The intent of this project is to increase motorist safety.

The letter states that the construction will be completed during the day while the roadway remains open. Work along the roadways is anticipated to include tree trimming, traffic sign removal, relocation and installation. The project is scheduled to advertise in January 2019 and construction is anticipated to begin and end during the summer of 2019. As a part of this construction project all municipalities are asked to sign a Municipal Work Zone Agreement as acknowledgement that the Department will have the authority to control traffic through the work zone for the duration of the project.

MOTION: Commissioner Ahern moved to approve the Municipal Work Zone agreement with the DOT. Commissioner Piper seconded the motion and all were in favor.

IDN Funding – CA Libby stated that the state now wants to collect the money that was reserved for IDN funding by the end of the year. They have reduced the amount to 30% which is \$172,340.40 but stated that any counties who wish to contribute up to 50% they will work to make sure that they use that extra funding to help their communities. CA Libby and the Commissioners discussed the issue and were in agreement to send back the 30% as that is what the state asked for.

MOTION: Commissioner Piper moved to send 30% or \$172,340.40 back to the State of New Hampshire to fund the IDNs. Commissioner Ahern seconded the motion and all were in favor.

Annual Report Dedication

The Commissioners presented their FY 2018 Annual Report Dedication to the individuals that they have selected from their respective districts. Commissioner Lauer selected Isidro Rodriguez from Woodsville, Commissioner Piper selected David & Sylvia Dow from Enfield and Commissioner Ahern selected Ernest Paquette from Ashland. Each of the nominees was presented with a personalized copy of the Annual Report.

Retirement Notice – CA Libby stated that she received Human Services Administrator Nancy Bishop's retirement notice. Her last day will be March 4th. CA Libby stated that this makes the need for a social services consultant even greater. She stated that she is working on the RFP and they will get that out to the papers

Case action lawsuit – CA Libby stated that the class action lawsuit for the PILT payments that the county joined that resulted in a settlement of \$4,738 before fees.

Commissioner Issues:

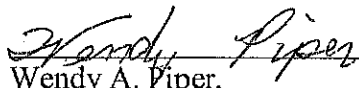

Commissioner Piper attended the NHAC meeting. They discussed the possibility of Rockingham County withdrawing from the NHAC and the consequences that would arrive from that as this would change their status with NACO so benefits they would receive would be put into jeopardy. Commissioner Piper stated that Rockingham County's main issue is with management and finance as they believe there doesn't seem to be any accountability in terms of management. There is a meeting at Rockingham County tomorrow with the Executive Director of NHAC to discuss their concerns. The other issue that was discussed was the IDN funding. Commissioner Meyers was present.

Commissioner Ahern attended the UNH Advisory meeting. They worked on a schedule for the upcoming year and are planning to hold their meetings the 2nd Monday of the month.

Commissioner Ahern stated that he is still being asked about the speed limit outside the complex. He stated that the new Executive Councilor Elect Mike Cryans may be a good person to contact regarding this issue. CA Libby stated that M. Cryans will be coming to meet with the Commissioners in January.

12:15 PM With no further business the meeting adjourned.

Respectfully Submitted,

Wendy A. Piper,
Clerk

**Office of the Grafton County Attorney
Lara Saffo, County Attorney
December 11th, 2018**

Report to the Commissioners

The Mission of the Office of the Grafton County Attorney is to pursue justice and promote the safety and security of the County's citizens, thereby enhancing the quality of life in Grafton County. We will seek to achieve these goals by:

- Striving for just disposition of criminal cases through timely, efficient and effective
- Ensuring that victims and witnesses of crimes are treated with respect, courtesy, and sensitivity as they cooperate with criminal prosecutions.
- Improving the criminal justice system by identifying areas of need and working collaboratively with other criminal justice agencies and the community to improve the criminal justice system.
- Encouraging and promoting crime prevention and early Intervention Initiatives.
- Identifying, promoting and implementing new and Innovative approaches to solving crime problems.

*Thank
you* 

Thank you for your hard work and dedication

As I reflect on writing my last report, I cannot emphasize how impressed I am with county government, our commissioners and our Executive Director. Never has there been a time, especially when we disagreed, where it was not clear that you were exceptional civil servants, dedicated to making, and doing your best to make, the best decisions on behalf of the county. Often you had to balance conflicting needs, such as providing services, but keeping tax rates as low as possible. It has been an unparalleled honor to work with you.

I also wish to thank the members of the Office of the Grafton County Attorney, the Grafton County Sheriff's Department, the Grafton County House of Corrections, and the Grafton County Alternative Sentencing Department. This report is not my main opportunity to thank these incredible individuals, but it bears reporting, over and over, that this county could not be more fortunate to have the employees it has working hard to ensure justice for all. Again, it has been nothing less than an honor.

Statistics - Caseload at the Office of the Grafton County Attorney.

This reflects the caseload at the Office of the County Attorney. It does not reflect the workload, as we are involved in community partnerships (see below) and have additional responsibilities under New Hampshire Law¹.

¹ Additional responsibilities outside of traditional case review includes but is not limited to the following:

<u>Topic</u>	<u>2017 calendar year data</u>
Review Circuit Court Petition to Annuls	376
Review Superior Court Petition to Annul	56
Review DCYF Referrals	479
Review Juvenile Petitions	31
Review and respond to Governor Warrants	1
Review IAD documents	5

There has been some questions about the nature of our workload. I will be working with Samantha to put all of our statistics on the Grafton County Attorney website, including an explanation of cases that require a significant amount of work.

As of December 11, 2018, the Office of the Grafton County Attorney has received 911 referrals. Of these referrals, 401 were criminal cases had at least one victim, and often more. 350 were criminal cases that did not have victims.

Of these referrals, in 283 cases, the defendants were arrested for the felonies so the cases had to be processed on an expedited basis. Of these 283 cases, 114 were people who were incarcerated after arrest, and thus we had to be available to respond the next court day, and having the charges filed by 11:00 in the morning.

Grafton received the Roving Advocate Grant

Grafton County received the three year Rural Sexual federal grant to fund advocacy services for a roving advocate in both the Littleton and Plymouth area for the next three years. Plymouth has hired their roving advocate, and we have developed a request for payment of this subcontractor, that will include the budget line item, the amount to be paid and the amount expended to date.

The newly elected County Attorney is attending the administrator grant meeting this week. The expenses are paid for by the grant.

Grafton's three advocacy programs – WISE, Burch House and Voices Against Violence – work incredibly hard with limited resources, to serve victims of domestic violence, stalking, sexual abuse and human trafficking, among other crimes. I am thrilled Grafton received this grant, so we can assist them in expanding much needed services.

New VOCA funding

Thank you for approving the new VOCA funding. We will finalize a proposed position description, and budget for the position by Wednesday, so you can review it for next week. The grant can fund a much needed second assistant working in our Victim Witness Program. We are aiming to have someone hired by February 1, 2019.

Review untimely death reports	153
Review requests for One Parties Intercepts	17
Right to Know requests	13
On call 24/7: for any felony arrests, untimely death notification, violent felonies, sexual assaults, and now any felony arrest. Each attorney is assigned one week, each attorney is on call at least 4 weeks a year.	

Other matters: Conduct Trainings, Constituent Concerns, Legislative matters

Space

As we discussed, one issue remaining for the new county attorney is space. I realize you plan on inventorying the available space or underutilized space throughout the county. I understand you will be asking all department heads to identify needs. This is an excellent place to start. I will ensure that the newly elected county attorney understands options from my perspective. This is a major issue for the office, and I greatly appreciate your hard work resolving this issue.

Bail reform

We continue to collect data and work on bail reform, as the new statute went into effect on September 1, 2018. The legislation created a bail commission to track the legislation and make recommendations. Their report is attached.

After tracking the situation, I made recommendations for legislative reform, some of which I believe will be recommended this legislative session. It will codify what the bail commission thought would be the process: to have prosecutors initially go by offer of proof. While that may have been the intent, the statute does simply state it must be proof by "clear and convincing evidence" so adding language to note it can be by offer of proof in the first instance is vital. We are also utilizing video conferencing at follow up bail hearings.

Circuit Court

a. Victim Witness Services

We are setting up office hours near the circuit courts, and are thrilled to be able to offer this service.

b. Monthly meeting with prosecutors

We continue to attend monthly circuit court prosecutors meetings to identify issues of concern and offer assistance.

GRANTS IN THE OFFICE OF THE GRAFTON COUNTY ATTORNEY OR THAT WE BENEFIT FROM

a. VAWA Grant

We received this grant, for \$30,000 towards the cost of a prosecutor to handle in part domestic violence and sexual assault cases. The year for the grant is June 30th, 2016 – June 30, 2017. The reports have been submitted.

b. VOCA Grant

We received the grant is for \$50,000 towards our Victim Witness Program. It pays for some of the costs of a Victim Witness Coordinator and for a new program, in our case Circuit Court Prosecution services. We have the official paperwork and are accepting referrals. It has already proven beneficial. The reports have been submitted. We received a supplemental VOCA grant in the amount of \$35,000 to make our circuit court victim witness coordinator full time. This will start on July 1st. We just were notified that we received an additional 74,000.00. I am working on a proposal for budget modification.

c. Haverhill Area Substance Abuse and Prevention Coalition

This prevention initiative is for the SAU 23 catchment area.

d. Partnership with UNH – Prevention Innovations Research Center Collaboration

We are participating in prevention initiatives for commuter college sexual assaults.

e. Sexual Assault Justice Initiative

This is a DOJ grant that we will benefit from. All Grafton law enforcement agencies now have access to a full time investigator to assist in adult sexual assault matters. Prosecutors are benefitting from training by AEquitas, and they are coming this summer to conduct case review with us. It funds prosecutors from Grafton attending a national conference as well, so we can learn from innovative approaches in other states.

f. Human Trafficking Coalition

We are not directly receiving funding, but New Hampshire received a federal grant to combat Human Trafficking and we now have the ability to refer human trafficking cases to this entity.

As always, if you have any questions, please do not hesitate to contact me. I welcome the opportunity to answer any questions.
