

## Grafton County Nursing Home

# Volunteer Program

---

### **Mission statement**

It is the philosophy of the Grafton County Nursing Home Volunteer Program to offer assistance to the Activity Department in providing meaningful activities and social programs for all residents. Our program is designed to enhance the resident's quality of life through friendship and support in bridging a gap from the resident's life here and the community.

Volunteers are a vital part of our Nursing Home. They represent the talents, gifts, and experiences of our local community. They are team players who help to enhance the quality of life for our residents. Without their dedication and commitment, we would not be able to offer the large variety of programs, special events, and trips that they currently enjoy. Joining our Volunteer family at Grafton County Nursing Home gives you a feeling of being a part of making life happen for the many residents who live here.

### Some services provided by volunteers:

- Assisting with group activities such as bingo, musical programs, and other special events;
- Assisting with Café and the County Store;
- 1-1 Friendly visitors - assisting residents with letters, card or board games, reading or conversing;
- Providing music or other entertainment;
- Assisting with special trips and special events involving our surrounding communities;
- End-of-life visits.
