Dear Family Member, Friend, or Legal Representative:

Thank you for your interest in Grafton County Nursing Home. Our Home is a 135-bed skilled nursing facility owned and operated by Grafton County. We offer memory care, skilled nursing care, and long-term care in a safe and secure setting.

Our mission is to ensure each resident experiences the highest quality of care and quality of life in a warm, welcoming, homelike setting. At GCNH we accomplish this goal by caring for our residents as we would for one of our own family members because we view each of our residents as a member of our extended family. We are committed to providing preventative and restorative care for all residents, and we will attempt to provide a safe, comfortable, home-like atmosphere.

At GCNH, we foster a resident-centered approach focusing on each resident's individual emotional needs and care preferences, consistent with their lifestyle. We value compassion, respect, and excellence and will strive to make your loved ones stay as comfortable and successful as possible, recognizing their right to choice, dignity, respect, and quality of life. At GCNH, we are committed to enhancing the quality of life of our residents.

Our home offers private and semi-private rooms. Under the direction of our Director of Nursing, we provide 24-hour nursing coverage. To ensure each resident's care needs are met any time of day, we have a part-time physician and full-time advanced practice registered nurse (APRN) on staff. Our service offerings also include in-house rehabilitative programs; meals and baked goods made fresh daily; housekeeping and laundry services; beautician services; social services; business office assistance with financial matters; and an activities program that provides a wide array of programs designed to meet each resident's particular interest.

Our Nursing Facility is certified for Medicare and Medicaid and maintains a contract with the Veterans Administration. We do not discriminate on the basis of race, color, religion, national origin, sex, age of adults, disability, or execution of advance directives.

Please review the provided information, and if you would like to pursue admission, please submit a completed application as well as copies of the required documents, so we may begin the process of evaluating your loved one/friend for admission to our home. After a full review of the provided information, we will contact you to discuss the status.
